Thanks, Ben. I called their outside counsel and left a message proposing Wednesday, April 30. Will let everyone know as soon as I hear back from him.

Hello Everyone,

I spoke with Paul Seby this afternoon, and unfortunately, April 15 is not a good date for the City. They've proposed meeting after Easter, the week of April 28, preferably Tuesday, Wednesday or Thursday of that week. Could everyone please let me know if any of those days work? Those I think should be at the meeting include me, Cindy, Raji, Robert and at least one enforcement manager (Lydia or Ben) since they said they expect to bring City management. If I hear differently on that, though, I'll let Lydia and Ben know.

Hi All,

I left a message with Paul Seby, the City of Pasadena's outside counsel, proposing Tuesday afternoon, April 15, as a meeting date. That seems to be the date that everyone on the Site team is available. Although Robert isn't necessarily a part of the Site team, his insight as part of Water Enforcement would be very welcome if he could also attend. Also, Lydia graciously agreed to attend to represent EPA management since the City is supposedly also bringing its

management to the meeting. As soon as I hear from Paul on whether that date works for him and the City, I'll let everyone know.
